Dear Mr Yayati Vinchurkar & Mr Menesh Pawar,

12th Feb 2016

We thank you both for conducting the mid brain activities in our school , GURU GOBIND SINGH ENGLISH HIGH SCHOOL & JUNIOR COLLEGE, VIKHROLI EAST, MUMBAI in the recent past.

It has been a wonderful experience for the students as well as the teachers. The parents too have been extolling the virtues of these sessions and have found a discernible difference in their ward(s).

I am obliged to you both of them and of course, your Brainzx- Superkids Management for having agreed to conduct the sessions *pro bono*. My students and I thank you for this kind gesture of yours. We can vouch for its efficacy and have seen changes in the students who were participants of these sessions.

In fact, it was a surprise to me when the teachers suggested that they too would like to take part in such activities.

We look forward to many more such activities for children to shape and mould their personalities.

In gratitude
